

FOOT SIZING CHART

Warning!

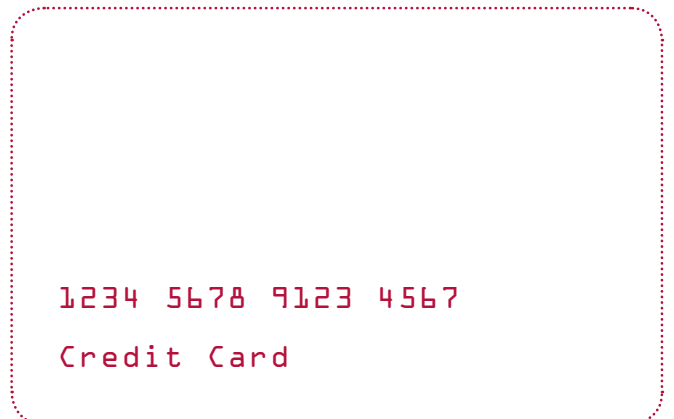

For accuracy this page must be printed at actual size (page scale 100%).

PLACE HEEL HERE

How to use the chart:

- 1 Match the size of a credit card to the graphic on the right or measure with a ruler along left edge of chart. **If none of those options match with your printed chart, you will need to reprint with the correct settings, do not 'scale to fit' when printing.**
- 2 Place child's foot at the bottom of the chart, lining up the heel with the 'place heel here' dotted line. Child must be standing for accurate results.
- 3 Measure both the right and left foot for accuracy. Note: When ordering, use the largest of the 2 dimensions.

Match credit card size ABOVE to ensure this page was printed to scale
